

Troop Fundraiser

Mansfield Raceway is looking for crews to park cars before the truck race on Memorial Day weekend. In order to **participate with the parking, you must be 16 years** or older at the time of the race. Shifts will be assigned once they have all of their crews assigned. There is a qualifying race on Friday and the actual race on Saturday. The payment will be **\$6.75 an hour**. We will work as a group, have vests to wear, and will be invited to watch the race once our shift is done. It is possible that they will have more people than they need to park cars, so they may possibly ask us to do something else. That is very doubtful.

If you are younger than 16, but would still like to participate, there is a need to have **trash picked up** on both Friday and Saturday after the races. The pay will again be **\$6.75 an hour** and will start immediately after the race. Yes, we will wear gloves. If you are 16 or older, you may participate in this also if you wish. The person I have been dealing with at the track is looking to see if general admission tickets could be made available to this crew. I will let you know.

Please let me know asap if you are interested so that I can let the race track know if we can provide a crew. There is not a certain amount that makes a crew. Who ever is interested makes a crew.

Mrs. Lachmann and I are definitely assisting on this one!
